TECHNETIUM

You can heal your life and overcome the obstacles that have prevented you from achieving your own success. Lift your eyes to a higher place and see this world through a larger spectrum. Follow your heart to a whole new level of healing and become the person you were always meant to be.

Technetium longs for the compassion of heart that helps to address the issues of the needy and the poor. She has counseled many troubled individuals and spends the majority of her time with distressed teens and young moms. When she is not helping others, Technetium creates music to empower others and to help them remember that they can get out there and make it happen.
